3 THANK YOU

HERE'S AN EXAMPLE

For my latest project, 'Salon d'amour,' I invite participants to wear unique handcrafted masks and then read love letters by famous poets and artists out loud to each other. I feel that this project is highly relevant in these challenging times, and I am raising funds to cover the production costs of expanding the collection of love letters, developing new masks and contacting potential performance venues.

Through my work I create transient realities that explore new strategies for connecting us with the world and with others. This is particularly apparent in my participatory performances. Sharing expressions or confessions of love crossing generations and continents, participants in 'Salon d'amour' are gently guided within a carefully choreographed setting that provides a mysterious atmosphere supported by magical lighting and a captivating soundscape.

If you like my work - and want to see more of it - I do hope you'll consider contributing to help cover the production costs. Thank you!
